i don't know if i've got the correct email address or not. but, i'm writing to comment on the plans to deposit nuclear wastes at Yucca Mt. in Nevada. would you want to bury that stuff in your yard? don't bury it in ours.

stop using nuclear power. put all the funding that is being wasted on this issue into developing alternative means of power. boost the solar industry. save the planet. it's the only one i've ever lived on.
